About the Clinic:

The Kempenfelt Clinic is a comprehensive primary care (“family”) practice that is focusing solely on men’s health. Teenagers under 18 will be considered on an individual basis. Dr. Saksen intends to continue practicing some emergency room and hospitalist work to maintain his acute care skills. This means that there will be some weeks where he will be away for a few days. However, we plan to provide after hours clinics on some of those days. Dr. Saksen plans to hold at least one after hours clinic per week and one Saturday Clinic most months. The clinic schedule will be available online at www.saksen.ca.

Conditions for all patients:

This questionnaire **must be filled out completely to be considered**. Any misleading or omitted information may be grounds for dismissal. Notification that you have been selected for a meeting and/or acceptance into the practice will be done by telephone. We keep all questionnaires confidential and on file. **All applicants will be considered and we do not discriminate based on age or medical condition.** Patients will **not** be accepted on a first come, first serve basis. We expect that our patients will respect our time and we will do everything we can to respect your time. We expect that our patients will see us first for non-emergent issues. There is a zero tolerance policy for any harassment, intimidation or abuse of any member of my staff or myself. If you have questions or comments please forward them to Dr. Saksen for further clarification.

Do you agree with the conditions of our practice? YES NO
